MAD Machines

Each quirky and fascinating machine has been artistically and intricately made by hand.

An extravaganza of gears, chains, pulleys and whirligig paraphernalia!

See how each part of the machine interacts to create an amazing visual display, with plenty of clanking and rattling thrown in.

The museum will house a wide variety of exhibits; some large, some small but each will have a story to tell.

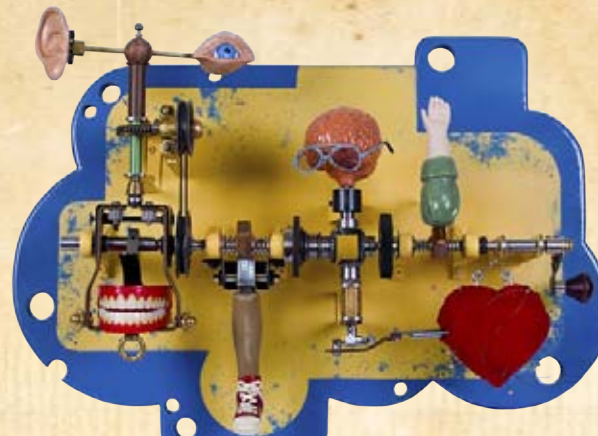

MAD Interaction

The museum is superbly engaging for all ages.

Enter the world of Mechanical Art and Design and you are sure to have a truly eye-opening experience.

Your challenge is simply to try and figure out how they work and see a bit of physics in action!

MAD Artists

We have carefully selected artists from all over the world.

We will change exhibits throughout the year so keep coming back for more MAD - ness!

MAD Gifts

If something really takes your fancy, it is possible to purchase a DVD or our official guide about the artists work.

You can also visit our shop to take a piece of The MAD Museum home with you!

We have gadgets and widgets galore!
